ICDCN 2024

ICDCN, International Conference on Distributed Computing and Networking, is a premier international conference dedicated to addressing advances in Distributed Computing and Communication Networks. Over the years, it has become a leading forum for disseminating the latest research results in these fields. The previous editions of this conference have been organized in Kharagpur (2023), Delhi (Virtual, 2022), Nara, Japan (Virtual, 2021), Kolkata (2020), Bangalore (2019), Varanasi (2018), Hyderabad (2017), Singapore (2016).

This year ICDCN turns 25! The jubilee edition of ICDCN will be held (in person) at IIT Madras in Chennai, India. This year's edition will consist of a highly selective technical program consisting of refereed regular papers, workshops, tutorials, posters, demos, and a doctoral symposium. The conference proceedings will be published in the ACM Digital Library. The conference will also provide a Best Paper Award!

ICDCN is on course to become a premier international conference on all things related to distributed computing and networking. ICDCN is seeing a steady rise in the number of participants in the conference! We are expecting around 125 participants this year. The success of ICDCN so far has been due to the valuable contributions of patrons like you! We hope that you will help us make this year a success as well! This will be a fantastic opportunity for sponsors to network with the best experts and prospective hires in this area in India & globally and also bring greater visibility, particularly as this is a jubilee year! The support from all sponsors will be duly acknowledged on the website and at the conference event.
